

WIN BIG!

OLYMPICS 2032 SPORTS SURVEY

With the 2032 Olympics coming to Queensland and our State rescuing the 2020 and 2021 seasons of NRL, AFL, Super Netball, NBL, WNBL and more, we have a once in a lifetime opportunity to cement Queensland as the home of Australian sport.

That could mean more funding and more opportunity for locals, especially juniors coming through.

Now I would like to hear from you, about how to make sure that we maximize Olympic opportunities for local athletes.

Go in the draw to win one of two \$250 Rebel Sport vouchers by completing the 2 minute survey!

Trails built by locals for locals.

Bringing emergency services closer to home.

NEW FIRE STATION FOR DAISY HILL, SHAILER PARK, MOUNT COTTON & SHELDON

We're no strangers to extreme weather here in Logan and Redlands. And that's why I will do everything I can to help keep our community safe.

I've been working with our community to boost our bushfire fighting capability. Construction planning is now underway. A final site has now been selected for our new fire station at 1974 - 1984 Mount Cotton Road.

The Mount Cotton Road Fire Station will be a full time fire station with bushfire and aerial fighting capability with construction planning underway.

More information: www.mickdebrenni.com.au.

20 KILOMETRES OF HEART-RACING, BLOOD-PUMPING ACTION... THE EASTERN ESCARPMENT WORLD-CLASS TRAILS ARE OFFICIALLY OPEN!

I am proud of what the COVID Works for Queensland grant received by Redland City Council has delivered for our community. This project has exceeded everyone's expectations whilst supporting economic recovery.

We are so lucky locally to be surrounded with top notch locations including Bayview and Daisy Hill.

More new trails and facilities are on the way at Daisy Hill Conservation Park.

MICK DE BRENNI MP

STANDING UP FOR SPRINGWOOD

SPRING 2021 · SPECIAL - INFRASTRUCTURE & JOBS EDITION

Local company Karreman Quarries has invested in its 500th vehicle thanks to record roads investment.

A MESSAGE FROM MICK

Dear neighbour,

Whilst COVID-19 has slowed some things down, it hasn't slowed the progress on the largest infrastructure project our community has seen - the M1 and Busway upgrades.

We've hit some exciting milestones with the opening of the 5 lanes, slashing travel times and making it much safer.

One of the best things about this project is that 95% of the workforce is local, employed with local companies like Karreman Quarries, a family run business which has been operating in the Redlands for over 50 Years.

And because the Palaszczuk Government has locked in our **Buy Qld procurement approach**,

backing local companies on local projects, local companies can invest and grow.

That means more jobs for locals.

In fact, projects like this are critical to Queensland's economic recovery, with every project helping to create more jobs in our community.

Finally, a big thanks to everyone for your patience throughout this and the other local roadworks projects that are underway and those about to start.

Yours sincerely,

Mick de Brenni MP

BETTER, SAFER ROADS, MORE PUBLIC TRANSPORT, MORE ACTIVE TRANSPORT AND MORE LOCAL JOBS

PACIFIC MOTORWAY (M1)
UPGRADE STAGE 2 – EIGHT MILE
PLAINS TO DAISY HILL

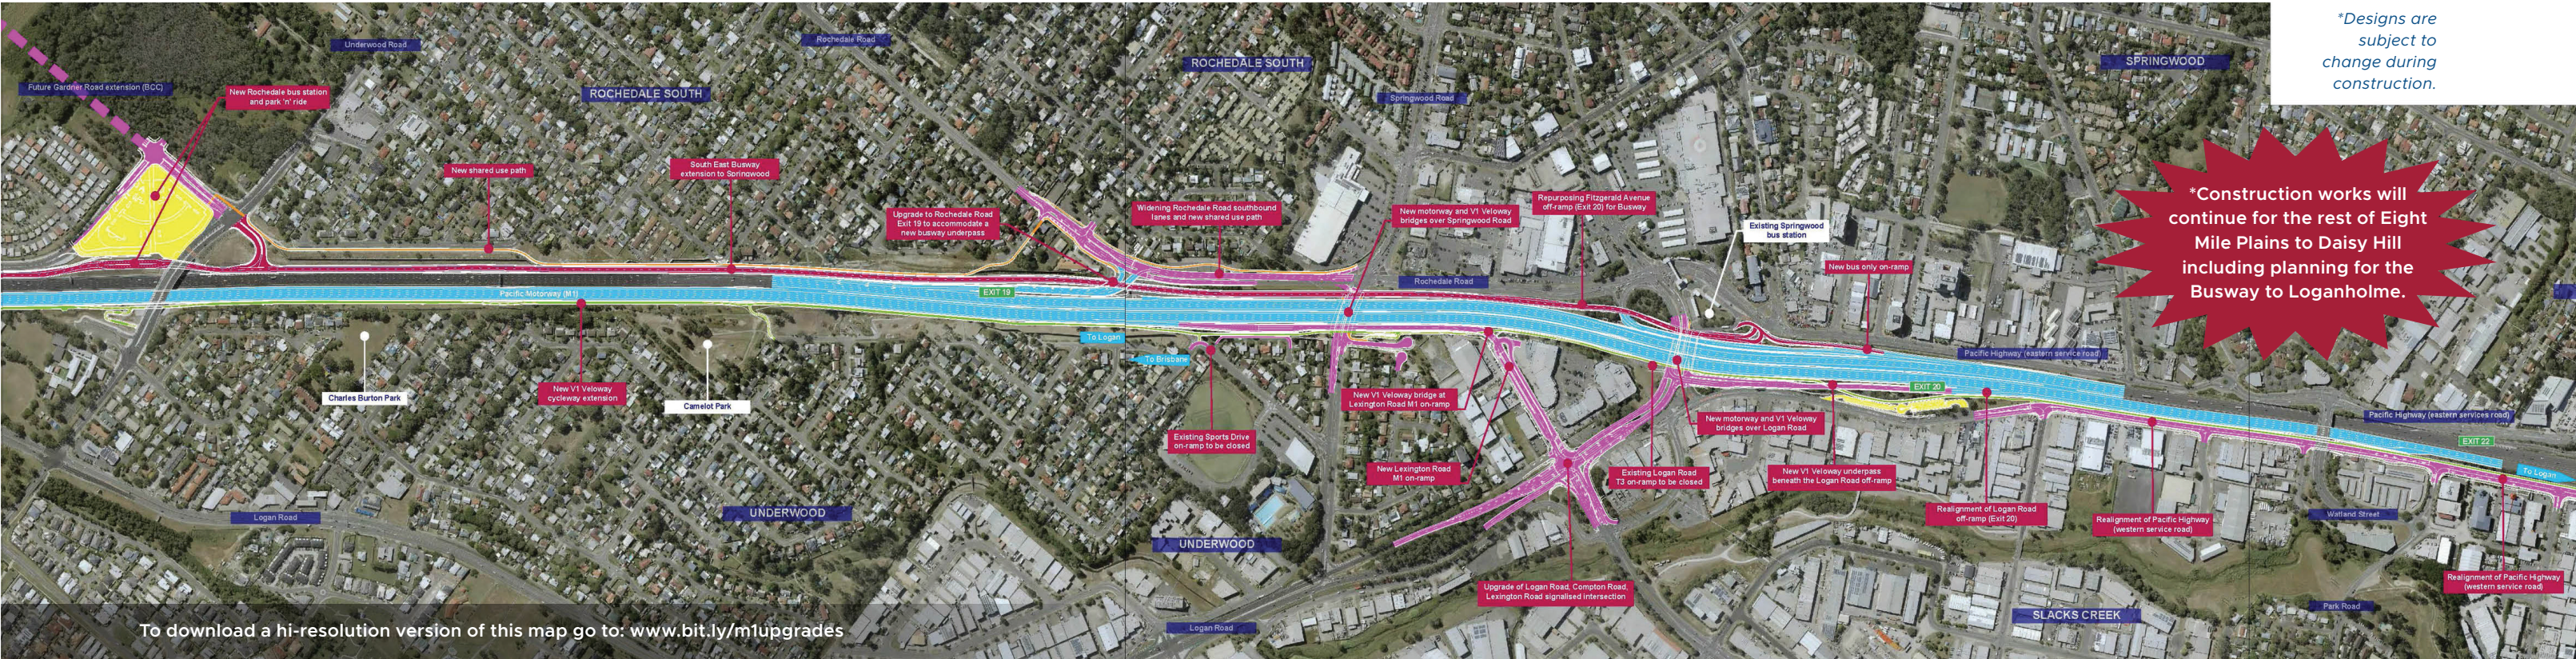

The Eight Mile Plains to
Daisy Hill upgrade is supporting
721 local trades jobs

More than 21,000 hours of
training has been completed
with 5 apprentices developing
their skills on the job.

\$750 million
has been invested in
congestion busting
infrastructure.

Thanks to the
local businesses
supplying the project including:
CDA Eastland Trade Supplies,
Coates Hire Operations
Tyrepower and
Wombat Sweepers.

One of the best
things about this
project is that
**95% of the
workforce
is local.**

**Designs are
subject to
change during
construction.*

**Construction works will
continue for the rest of Eight
Mile Plains to Daisy Hill
including planning for the
Busway to Loganholme.*

MOUNT COTTON ROADS UPDATE:

Locals will have noticed a range
of projects happening on Mount
Cotton roads lately. Thanks to the
collaboration of residents, Redland
City Council, the Queensland Police
Service and the Department of
Transport and Main Roads, the
following projects are underway:

- Speed limit review on Valley Way to potentially reduce speed to 60km/hr around the IGA.
- School bus route and bus stop upgrade for The Woods Estate for a safer journey for local kids.
- Planning study being brought forward and scope widened to now cover Mount Cotton Road upgrades from Double Jump Road through to the Henderson Road intersection.
- The timing of the traffic lights on Mt Cotton Road and Valley has been investigated, and the “signal phases” have now been increased proportionately. Basically this will clear up much of the queuing and delays that we’ve all experienced on Mount Cotton Road northbound in the afternoon and evening peak.

*“It’s great to see so many more active
transport routes opening around our
neighbourhood.
I’m so excited for the first part of the extended
Veloway - it means we can ride to the city
safely for the first time!”*

Michelle Trainor, local cyclist

*“I travel on the M1 every day for uni and I
see the progress being made on the road.
What usually takes me an hour and a half, will
come down by half to 45 minutes, and I’m really
excited about that!”*

Nikhil Deo, Shailer Park resident
