

MT COTTON HALL

FANCY A DANCE?

The newly painted Mount Cotton Community Hall hosts an Old Time / New Vogue dance every 3rd Saturday night of the month.

The hall is on the corner of Mt Cotton and Seaview Rds Mt Cotton and starts at 7:30pm with \$10pp entry. Live Music provided by Mike Woollett.

Beginners and experienced dancers are all welcome, so dust off your dancing shoes and give it a go.

SHINING BRIGHT IN DAISY HILL

The Lions at Slacks Creek Rugby League have been awarded funding for new lights.

I am proud to support our local club, so they can keep supporting locals to play footy, with more and more juniors signing up all the time.

NIGHT NETBALL EXPANDS AT UPNA

Underwood Park Netball Association will get new lights for the back 6 courts at the park and is the latest major upgrade delivered by the Palaszczuk Government.

This is great news for the association and especially the junior players who primarily play and train on those courts.

These lights will mean the club can grow its capacity and continue supporting up-and-coming athletes in our community.

ROCHEDALE SHS FIGHTS CANCER

Well done to Rochedale SHS who hosted a Biggest Morning Tea to raise vital funds to make a big difference for those impacted by cancer.

Queensland's Former Origin Greats even got involved, donating a signed jersey to the raffle. The school raised \$4500.00 this year. It's terrific to help local students get active in a cause that affects so many in our community.

30 YEARS AT THE SPRINGWOOD SUNS CRICKET CLUB

Local legends retire after years of dedicated service to our local cricket club.

Gary and Marion Young have volunteered at the Springwood Suns Cricket Club over 3 decades and were farewelled in a tearful ceremony. On behalf of our community, thank you both!

MICK DE BRENNI MP

STANDING UP FOR SPRINGWOOD

WINTER EDITION 2022

GETTING IT DONE!

Dear neighbour,

One of the most important things we teach our kids is that when you start a job, it's important to finish it.

That's why I'm constantly updating our community on the delivery of key projects.

Whether it's new school buildings and ovals, better sporting facilities, brand new emergency service facilities, more hospitals or new roads, to ensure they are delivered, I'm committed to monitoring them closely.

That's why I'm pleased to let you know we will now start construction of the new Busway station at Rochedale South with all these features:

- 1. Bicycle storage and solar panels
- 2. Lift accessible platforms
- 3. 500 parks
- 4. Kiss 'n' ride
- 5. Security lighting and CCTV

- 6. Shared use pathways
- 7. Bike lane
- 8. Connection to the extended Gardner Road

And whilst this project is being built, work is progressing south of Springwood on the motorway expansion and design of the Busway to Loganholme.

That means a combination of more lanes and less cars on the road, getting you home sooner and safer.

I'm proud to have worked together with our community to deliver a time-saving road network, including improved public transport.

Yours sincerely,

Mick de Brenni MP

"We know in times of disaster, the Queensland spirit shines brightest." Premier Anastacia Palaszczuk

THANK YOU TO OUR LOCAL SES

On behalf of our community, thank you to everyone who helped get us all through the devastating floods over recent months.

The response and recovery effort was massive.

Everyone from our local police, paramedics, swift water rescue crews, Energex and the incredibly dedicated volunteers with our local SES.

And of course, thanks to all those ordinary members of our community, who saddled up and did extraordinary things.

Then there are the women and men of Operation Energise (a team made up of electricians from Queensland's publicly owned power companies and the Electrical Trades Union) who had boots on the ground all around Queensland to restore power to a massive 180,000 flood-affected homes and businesses within days.

Inspired by the efforts of the local SES, the Springwood Youth Advisory Committee and the Lions Club of Rochedale / Springwood are coming together

to show their appreciation to the local SES for their hard work and dedication.

The Lions and our local young leaders have established a fundraiser to get the local SES depot much needed ventilation in their Daisy Hill operations shed.

We all know how hot and humid it gets when disaster strikes, so as a community we'll respond to that, for them.

Let's all get behind our local heroes and show how much they mean to us by supporting this community campaign!

Scan the QR code or go to my Facebook page to buy a raffle ticket to support the local SES.

Breaking ground at the Redland Satellite Hospital

BETTER HEALTHCARE CLOSER TO HOME: 2 NEW HOSPITALS +

The Redlands and Logan are both growing communities and infrastructure needs to grow with them.

We will build two brand new state-of-the-art Satellite Hospitals due to be operational in 2023, delivering a range of services from wound treatment to cancer care.

One will be at Meissner Street, Redland Bay, and the other at Levington Road, Eight Mile Plains.

They will incorporate outpatient community-based health services with virtual healthcare opportunities for your family.

The Satellite Hospitals program will improve healthcare, supporting jobs in construction and health jobs too, when they're open.

+ The new Australian Government will build an urgent care clinic in Logan, near the hospital, to take pressure off the emergency department.

50 YEARS OF LIONS

The Lions Club of Rochedale Springwood was formed in early 1972 and has now served our community of the Logan area continuously for 50 years.

As a proud member myself, I can tell you Lions Club members are dedicated to helping those in need and are inviting new members to join.

"If you feel the need to help within your community and if you have 4 hours spare a month please contact us. One person can speak but together we roar." Trevor, President Rochedale Springwood Lions

BIG NEWS FOR OUR LOCAL FOREST

The Palaszczuk Government has delivered a multi-million dollar package of funding to invest in more conservation measures and facilities at Daisy Hill Conservation Park.

Thanks go to a dedicated group of local residents who worked together with the government to design trails, trail head upgrades, accessibility and mobility upgrades and new amenities.
